Tender brings a pretty aesthetic to interiors. Decorative embellishments from V.V Rouleaux and Wemyss Houles add flamboyant finishing touches that enrich solid coloured textiles from Bute, Nya Nordiska and Nobilis. Antique finishes introduce a romantic style; wallpaper by Brian Yates and a mirrored glass tile by Ann Sacks celebrate the aged look, while a lace wall covering by Muraspec and metallic floral wallpaper by Cole & Son bring glamour to walls. Elegant florals envelope soft furnishings with embroidered motifs by Clarke & Clarke and scrolling petals by Gebrüder Munzert. Create an opulent atmosphere with chartreuse, combined in a structured satin by Jab Anstoetz or relief wallpaper by Tektura. Hard materials are used to balance the palette; wood effect vinyl flooring by Karndean International Ltd and carpets from Forbo and InterfaceFLOR calm the brighter shades of Tender, picked up in paints by Crown and Fired Earth. Apply refreshing NCS 2060-B to your walls with paint, colour matched by Dulux, to complement this historical palette.
